Our Values

Our Values Can Be

Described using **F-O-O-D I-T.**

Family – We build our business relationships by serving each other, our customers, farmers and our communities, much as we do within our families.

- **Opportunity** – We create an entrepreneurial, ever-growing community, increasing the opportunity for everyone to start their business with access to wholesale pricing.
- **Our Community** – We engage in our community by bringing together our partners, customers, and the community to contribute daily.
- **Dedicated** – We are committed to our people, partners, farmers, and communities and to bringing our customers high-quality, best-value African products at affordable prices.
- **Innovation** – We will continually seek to provide excellent service by developing new and improved methods to reduce hunger and food security.
- **Teamwork** – We challenge ourselves and each other to succeed through cooperation, collaboration and accountability for our responsibilities.

We envision a community in which “the West” has access to sufficient nutritious food and materials from Africa.
